EXCELLENCE DEFINED: THE GOLDGLASS SAL STORY

With over 15 years of unwavering dedication to the aluminum engineering field, Gold Glass SAL was founded by industry veteran Mr. George Kourieh. His vision for the company was simple yet profound: to redefine excellence in the industry by delivering the highest quality products and services available in today's market. Mr. Kourieh dreamt of an organization that would not only meet but consistently exceed the highest standards in the field.

The name "Gold Glass" embodies our commitment to this vision. Gold, as a precious metal, has long been the universal symbol of uncompromising quality and excellence, transcending time and geography. We adopted this name as our mantle, serving as a luminous beacon of quality in the realm of aluminum and glass products.

At Gold Glass SAL, we are driven by an unwavering promise to our valued clients: to provide the very best, with no exceptions. With a heritage of craftsmanship and a future marked by innovation, we stand ready to partner with you, bringing our expertise and dedication to every project. Join us on a journey where quality knows no bounds.

CHARTING OUR COURSE: VISION AND MISSION AT GOLD GLASS SAL

Our Vision

At Gold Glass SAL, we envision a future where we are recognized as a leading force in the aluminum fabrication and installation industry. Our aspiration is to stand as a symbol of world-class products, guided by a team of consummate professionals who are dedicated to delivering products and services that are nothing short of perfection. We aim to set the standard for excellence in our field and leave an indelible mark on every project we undertake.

Our Mission

Our mission is clear: to be the ultimate choice in the realm of Design and Build, encompassing a wide spectrum of services including Aluminum Facades, Unitized CW, Spider Glass, ACP Cladding, Aluminum Doors and Windows, Steel Fabrication and Installation, Stainless Steel Fabrication and Installation, Shutters, Curtain Glass, Jumbo Glass Facade, and more. We are committed to creating unparalleled value for our cherished customers through unwavering dedication to service excellence, utmost reliability, steadfast commitment, collaborative teamwork, and the bedrock of mutual trust.

We do not just build structures; we forge enduring relationships and craft legacies that stand the test of time. Our journey is marked by innovation, and our compass is always set toward exceeding expectations. Together, with our clients and partners, we are shaping a future where the Gold Glass SAL name is synonymous with uncompromising quality, trust, and excellence.

OUR COMMITMENT TO QUALITY

At Gold Glass SAL, our unwavering commitment to excellence is the cornerstone of our success. We believe in delivering products and services that not only meet but consistently exceed the requirements and expectations of our valued customers. Quality isn't just a buzzword for us; it's a way of life.

We recognize that the pursuit of quality is an ongoing journey, and as such, we are dedicated to actively seeking continuous improvement in all that we do. Our approach centers around empowering every member of our team to excel in their roles, enabling them to get it right the first time, and every time.

Our promise to our customers is clear – we aim for nothing less than a 99% quality and satisfaction rating on every project. This isn't just a goal; it's a commitment. To underscore our dedication to quality, Gold Glass SAL is in the process of receiving ISO 9001:2008 certification, a testament to our adherence to globally recognized quality standards.

We firmly believe that our commitment to quality is not only a reflection of our professionalism but also a testament to our passion for what we do. It's a commitment that ensures our customers receive the finest products and services available in the industry. With Gold Glass SAL, you can trust that every project is a masterpiece of quality craftsmanship and customer satisfaction.

CRAFTING EXCELLENCE IN EVERY DETAIL

At Gold Glass SAL, we are more than just a glass company; we are creators of architectural dreams. Our wide range of products and services bears testament to our commitment to craftsmanship, innovation, and excellence.

Our journey begins with design engineering and shop drawings, where every vision takes shape on paper, meticulously planned and perfected. We specialize in the manufacturing and installation of aluminum windows and doors, creating elegant portals that seamlessly connect the indoors with the world beyond.

For security and convenience, we offer motorized rolling shutters and folding shutters, bringing a touch of modernity to your spaces. Our expertise extends to the installation of spider and skylight systems, adding a touch of brilliance and transparency to your projects, along with frameless balustrades that elevate safety without compromising aesthetics.

In the realm of steel and stainless steel structures, we seamlessly integrate them with aluminum and glazing works, delivering functional and visually striking results. Our decorative steel works add an artistic flair to your projects, and we provide robust steel structures for roofing systems, ensuring your structures stand the test of time.

Our dedication to perfection shines through in our design, manufacturing, and installation of various types of curtain walls. These transformative elements not only enhance the architectural appeal of your buildings but also elevate energy efficiency and functionality.

At Gold Glass SAL, our products and services are more than just offerings; they are the embodiment of our passion for architecture and design. With every project, we craft excellence in every detail, bringing your vision to life and leaving a lasting legacy of beauty and functionality.

WARRANTY: OUR COMMITMENT TO EXCELLENCE

At Gold Glass, we have set the gold standard for performance, craftsmanship, and seamless installation. Our team of engineering and design professionals is dedicated to ensuring that every building receives precisely the window system it requires. Whether it's pre-engineered, durable windows, customized blast-mitigating curtainwalls, historically accurate replacements, or sustainable sun control systems, our unwavering commitment to excellence is at the heart of every project we undertake.

WARRANTY LETTER

Dear Esteemed Client,

We take immense pride in the successful completion of the above-mentioned project, in strict accordance with the meticulous standards outlined in the contract documents.

Gold Glass SAL stands firmly behind the quality and craftsmanship of our work, and we are pleased to provide you with the following warranty terms, which reflect our commitment to your satisfaction:

Labor Warranty: We offer a comprehensive labor warranty for a duration of **Ninety (90) days** commencing from the date of Substantial Completion. During this period, should any labor-related defects surface, rest assured that we will promptly address and rectify them at absolutely no cost to you. It is imperative that any defects be reported in writing before the ninety-day mark from the date of Substantial Completion, as the warranty coverage concludes at that point.

Parts Warranty: Our commitment extends to the components of your project, and we provide a robust **one (1) year** warranty from the date of Substantial Completion. In the event of any defective parts, our team will, at our discretion, either replace or repair them, entirely at our expense. Please note that this warranty, like the labor warranty, requires any defects to be reported in writing within the one-year timeframe from the date of Substantial Completion, as the warranty concludes thereafter.

Subsequent to the initial **Ninety (90) days** for labor and the initial **one (1) year** for parts, any labor-related removal and installation costs and any replacements for defective parts will be at the owner's responsibility.

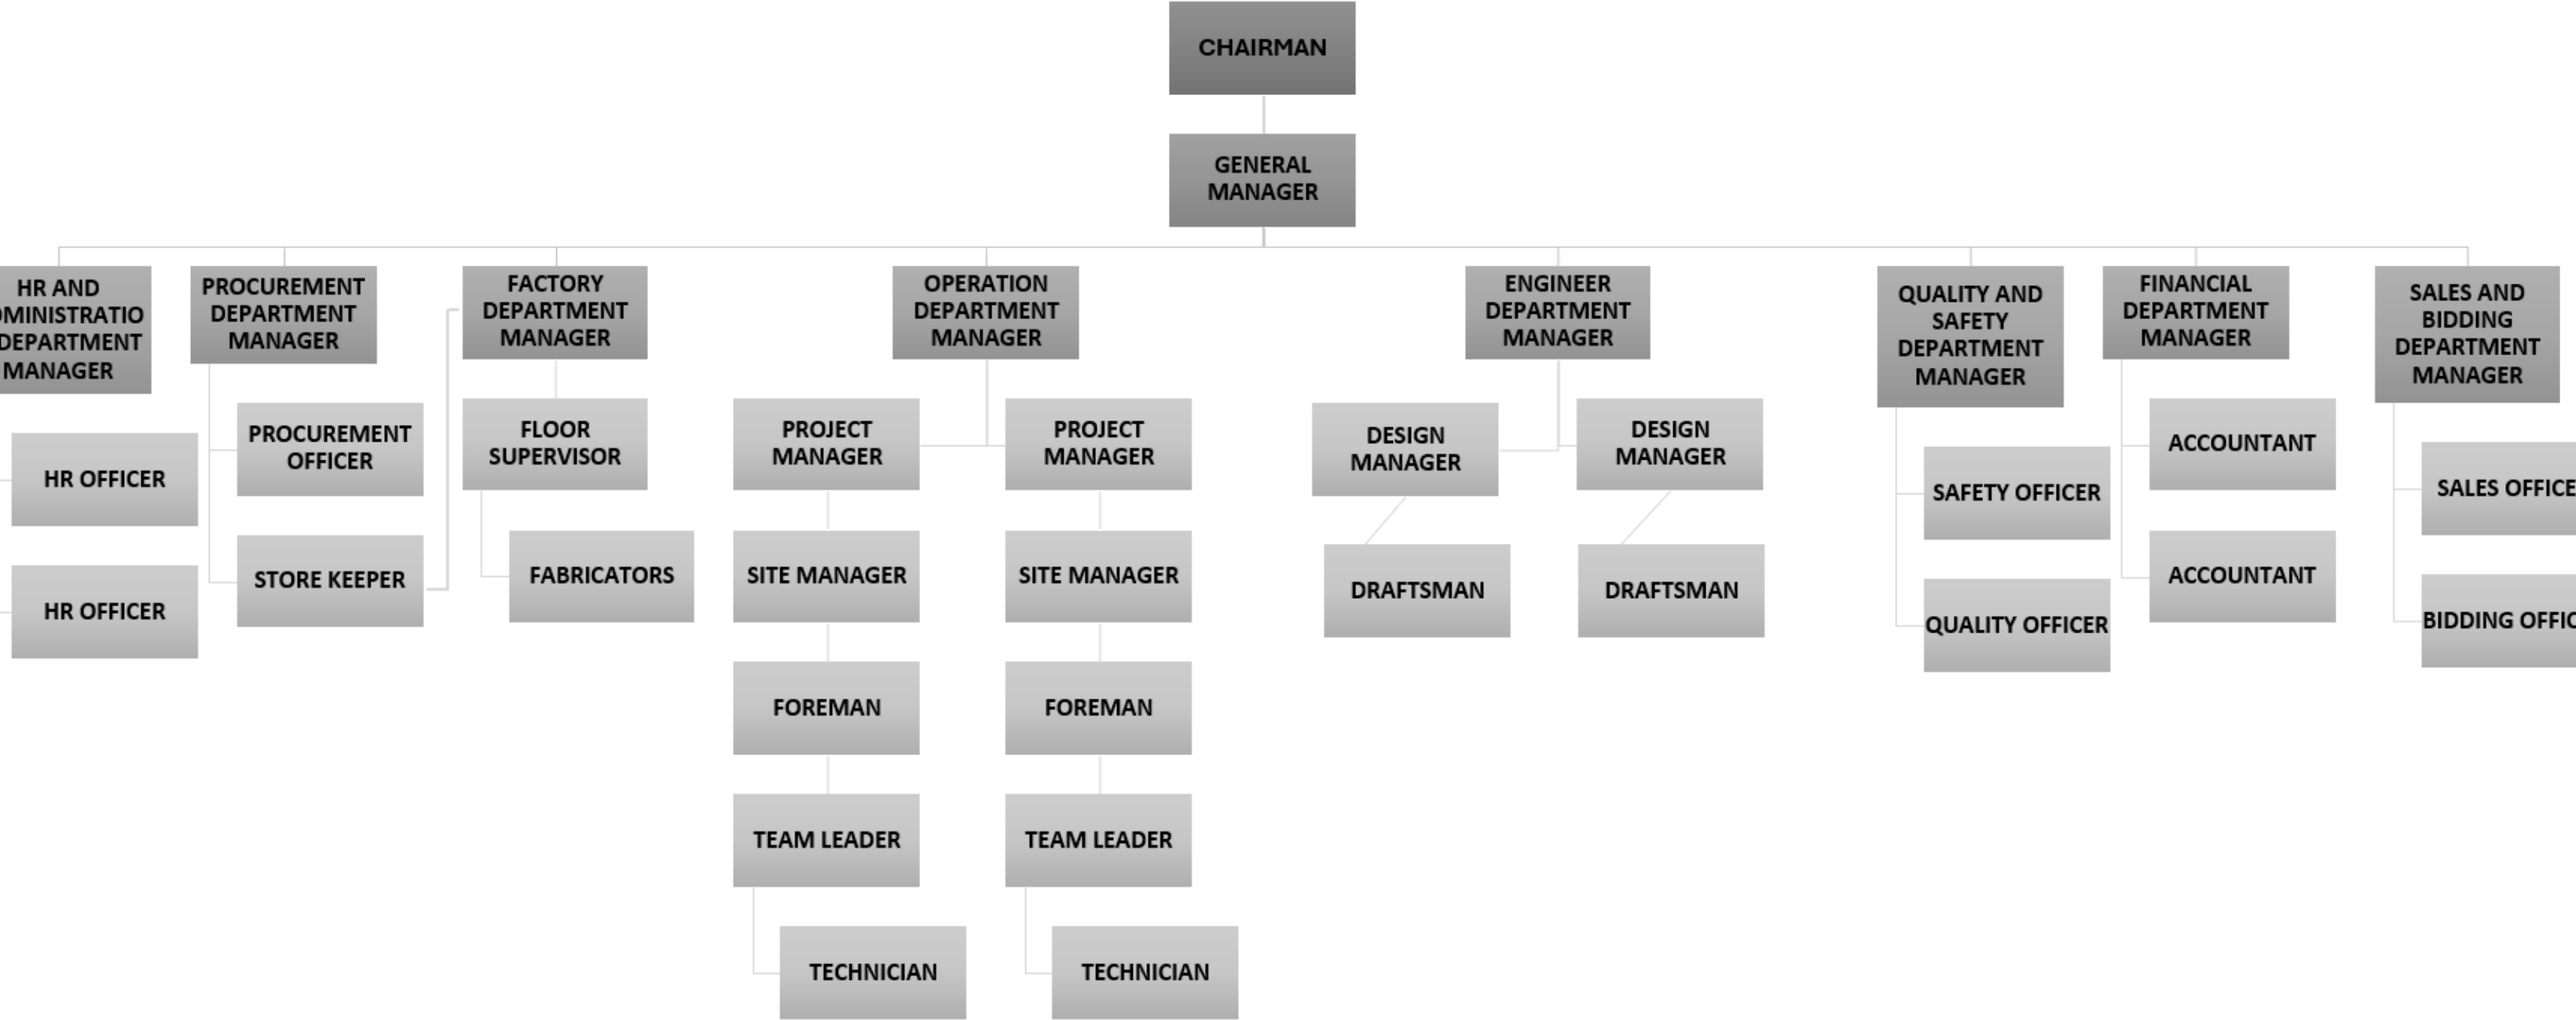

Kindly be informed that this warranty does not encompass additional owner instructions or set-up adjustments. Furthermore, it does not extend to cover ordinary wear and tear, cosmetic damage, or damage arising from acts of nature, accidents, negligence, misuse, abuse, lack of routine maintenance, or any modifications made to any part of the system.

At Gold Glass SAL, we view this warranty not merely as a commitment but as a testament to our unwavering dedication to the excellence of our work. Your satisfaction remains our foremost priority, and we are ready to stand by your side, ensuring the lasting success and performance of your project.

Thank you for entrusting us with your project, and please do not hesitate to reach out should you require any further assistance.

Sincerely,
Gold Glass SAL
